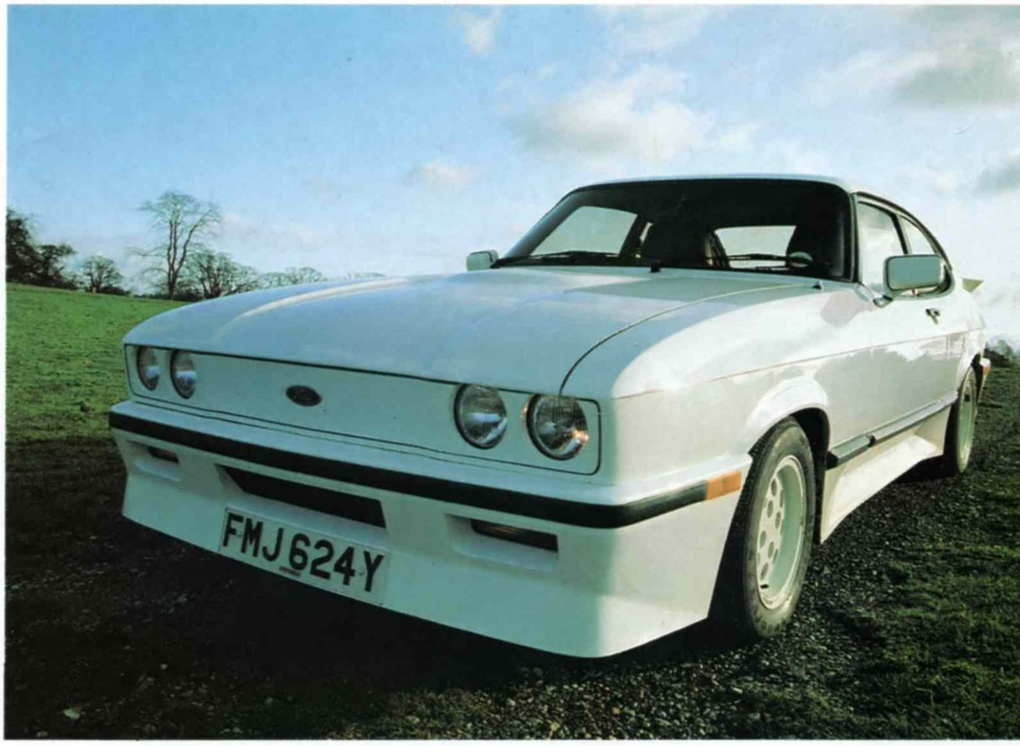
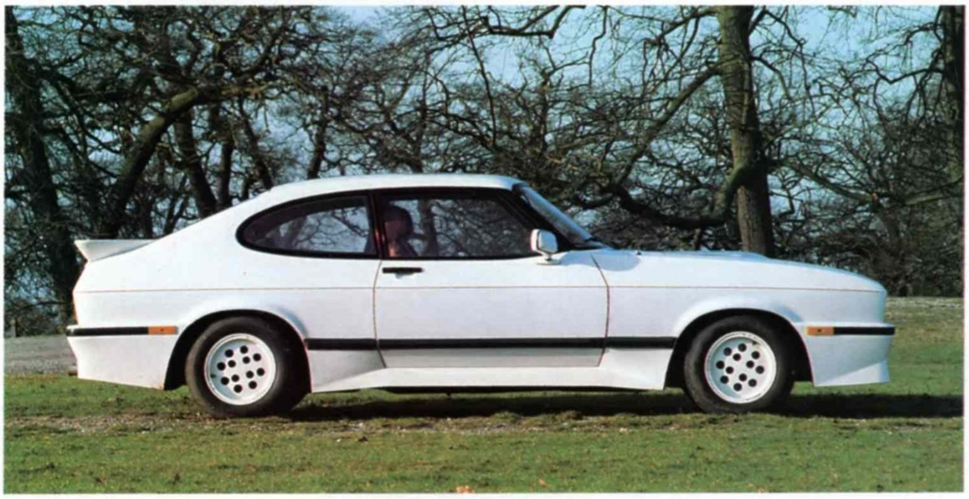
LE ASTON!

Written and photographed
by Roger Watt

Unveiled at the 1982 Motor Show, the turbocharged Aston Martin Tickford version of the Ford Capri 2·8 Injection can justifiably be labelled the *ultimate* Capri. To some, that might not seem much of an accolade, but after checking out the performance figures, the styling and the standard of finish, you're left in no doubt that there's something quite exceptional brewing in, of all places, Milton Keynes!





It's a car you can't ignore. The styling, by Simon Saunders of Aston Martin Tickford, is head-turning in the extreme, with deep front air dam, flared wheel arches, skirts and substantial rear spoiler transforming the original Capri body shell. It's no mere ornamentation either, because if the visible alterations are extreme, what's happening underneath confirms the car's elevation to practically 'supercar' status.

The 'standard' 2·8 Capri is certainly no tortoise, but the addition of a turbo charger brings the power up to 205 bhp which translates to 0–60 mph in as little over six seconds as makes no difference, 0–100 in 14, and a top end of over 140. Impressive as *that* is, the torque characteristics have been improved to such an extent that at 2,000 rpm the figures are double those of the standard power unit, eventually topping at 260 ft/lbs at 3,500 rpm.

A five speed gearbox and limited slip differential help get the power to the tarmac, and the suspension has been modified to keep it there: disc brakes are now featured all round to provide the extra stopping power.

If the performance smacks of Aston Martin, then simply opening the door will complete the transition: leather upholstery, Wilton carpet and walnut cappings combine to intoxicate the senses, but they don't, unfortunately, hide the fact that the car still carries the basic Capri dash layout. Not that there's anything wrong with it, but it's just a bit uninspiring.

A very useful turbo boost gauge has been added, while electrically operated windows and exterior mirrors complete the specification.

All in all, a pretty neat package.

On the road, the car performs as well as it looks . . . and smells! The acceleration is very impressive and completely free from any turbo lag: punch in the mid range makes for very safe overtaking and despite our only getting the car up to 120 mph, the freedom with which the engine revs makes the claimed top speed of 140 mph pretty much a formality.

The suspension is taut, allowing no roll through the corners but transmitting a certain amount of 'thump' through the steering wheel: handling was predictable in most respects except for a tendency for the back end to break away without too much provocation.

The mark of a thoroughbred, perhaps?

A great deal of interest was shown in the car during the last Motor Show, so much so that the model may be on sale within a few months.

An Aston Martin for around £14,000? Not quite, but a very fast and luxurious package nonetheless. If you're on the verge of buying say, an Audi Quattro, a Lotus Eclat or a Porsche 944, it could be well worth a look! ♣

Hi, I'm Candy!

***Candy Samples*, the *grande dame* of American porn, has been hired by *Club International* to deal with readers sexual and emotional problems – in her own big-hearted, big-chested fashion! More renowned for flashing her incredible 54-inch tits in skin mags and doing unspeakable things on stag loops than putting pen to paper, Candy nevertheless proved in last month's issue that she is capable of turning her hand to more than hard cocks . . .**

Hi Candy: I'm heavily into submission. I really get off on being treated like shit by the opposite sex. In fact, I even used to hire myself out for hen parties. I'd wear full drag, complete with wig and makeup, grovelling at the feet of 20 or so women, basking in their insults like a lizard in the sun. But that all came to an end when some really vicious

SHE HAD A DELICIOUSLY INVITING AURA OF SEX ABOUT HER

dykes beat me up one night. Now I'm slave to just one woman, who really empathises with my problem. She lets me eat her pussy till she spunks all over her thighs, then lets me lick her clean. I'm not really interested in fucking – I'd sooner wank off. At 21 years of age, am I ever likely to change to the point where I can assume a normal sexual life?

Ronnie McM, Doncaster

Probably not, although at 21 your sex drive is at its peak. In due course you'll probably find you can get by with less sex, and maybe then your libido will have matured sufficiently in order to make straight sex more appealing than it is now. Furthermore, I think it's important to try to get back on the rails, because your predilection for being a slave precludes the possibility of ever having the security and satisfaction of a permanent sexual relationship. The only women you'll find in your present condition are lazy, malevolent bitches who'll regard you as little more than a free domestic help. Resort to psychiatric help if you have to, but don't forget the future: Nobody, but nobody, will want to know about a middle-aged submissive. Candy.

'And before you start that,
it's £20 French, £15 straight and £10 for the wrist!'

Hi Candy: I'm 25 years old and I've always been searching for a girl who enjoys sex as much as me – in other words, a whole damn lot! Well, six months ago I met such a girl at a party. She was simply gorgeous to look at but, more than that, she had a deliciously inviting aura of sex about her. We spent our first night together fucking and sucking until daylight, and I unloaded my balls so many times that in the end not even water was coming out! Boy, was I happy! Carole and I saw each other every night for week after week, during which time our sex play became, well, pretty kinky.

It was at this stage in our relationship that it occurred to me the difference between a highly-sexed girl and a highly-sexed guy is that the girl need *never* resort to masturbation. All she has to do is open her legs for any Tom or Harry's dick to fill her cunt – especially if she happens to be as sensationally good-looking as Carole. And whereas – on those few nights we didn't spend together – I'd be lying in bed masturbating to outrageous sexual fantasies, it was drawn to my attention that Carole was indulging in similar fantasies – only acting them out for real in front of an audience!

A girlfriend of hers told me that Carole thought nothing of taking on three guys at a time, and into lesbanism.

I duly confronted Carole with these allegations – all of which she gaily owned-up to! I still see (and fuck), her, at least twice a week, and I really like her a lot – not just sexually. But now I hear she's started attending some really heavy sex orgies and getting into all kinds of weird perversions. Should I stop seeing her?

Bob J, Nottingham

Bob, you've got to understand that many girls in their late teens and early twenties have the sex drive of a mare on heat. Promiscuity such as you describe is a natural enough phase for a girl to go through, but it's also a much misunderstood part of a girl's sexual development. Girls like Carole attract guys like moths to a lamp, and much as she'd like to be faithful to you, she probably finds any loyalty outweighed by the desire 'to have a good time' before settling down to a permanent relationship or marriage. I can understand your concern for her and those weird parties she's getting to. Hey – why not accompany her? That way you'll get to protect her. Candy.

Hi Candy: Is there anything of a sexual nature you don't do? And are there things you'll do on film but not in your private life?

Joey L, Slough

"I thought they were joking when they asked me to take a computer test to find my perfect partner."..

'Me? Meet someone through a computer? I meet people at work, through friends...' I thought. But did I?

How many new people had I met in the last year? Very few... and those weren't in any way special. Dateline said if I completed their **Free Matching Test,** their computer would search through the personality profiles of tens of thousands of other Dateline members to find someone who was right for me. Then if I wanted, the Dateline computer would run for one year to introduce me to as many people as I would like to meet. Many would be living in my area; people with whom I'd have a lot in common... someone my own age... who liked the same things I liked... to go to the places I wanted to go... had similar interests. Someone who I'd really like to meet... who would would like to meet me. And they did!

How long has this been going on?

14 years ago Dateline introduced this new concept into the lives of millions of single men and women. Now they are more in demand than ever, and are happy that they have helped so many people, not just through love and marriage, though their success rate is high, but simply through giving people like me the chance to meet and expand their social lives. **If you would like to see how it could work for you...**

Take this free test today!

If you're over seventeen, simply complete the details in the coupon below, telling them what you're like and what you want, and they'll send you, **COMPLETELY FREE and without obligation,** the name and a description of your ideal partner. **PLUS** a full colour brochure telling you how Dateline works, and much, much more about Dateline introductions. GIRLS LIKE CAROLE ATTRACT GUYS LIKE MOTHS TO A LAMP

My 'repertoire' is strictly suck and fuck – on film and off. I only do on film what I'd happily do at home, no matter the fee on offer. Nevertheless my 'don'ts' are easily outnumbered by my 'dos' – but I don't go in for S and M, bondage, CP, P and P, fistfucking or enemas. The typical man in my life has me sit on his lap, puts his head between my tits, his hand up my skirt and says 'Momma, where you been all my life?', not 'I wanna drop my pants, lie on the bathroom floor and have you shove a rubber tube up my arse!' I'm Candy Samples, dammit, not some whip-wielding staff nurse at a sex clinic for sickos! Candy.

Hi Candy: What is the difference between a hooker and a 'porno star' such as yourself – who does exactly the same thing, but in front of a camera?

Steve L, Windsor

A good hooker satisfies one john every 30 working minutes. A good porno actress satisfies anything up to a million guys in a three-month period, if her films are successful – but still only has to wipe one wad of cum off her thighs! PS, I don't care for your question, and I don't care for you. Candy.

'The weather was diabolical, mother sprained her ankle and, to cap it all somebody stole the car.'

Hi Candy: I don't mean to be disrespectful, but you must be a very experienced lady. Just out of curiosity, do you still have sexual fantasies that remain unfulfilled? And, for that matter, do you still masturbate?

Richard Z, Colchester

I feel there are always unattainable heights in sex, eg, the girl who dreams of being balled by two guys simultaneously, realises this fantasy, then starts beating her meat over the prospect of fucking three. Me? Sure, I still play with myself, especially if I have to spend the weekend alone. As for what I think about when I do it, that's kind of personal. But suffice it to say that there remain one or two things I've always wanted to try . . . Candy.

Hi Candy: How would you describe your perfect lover? A big, bronzed, muscular guy with a flashing smile and a big cock, or a lean, learned, well-dressed academic type . . .

With a big cock!

Jeff N, Swansea

I guess the first thing I notice about a man is his overall stature and physique. Then I'll notice his eyes: I love it when a man's eyes sparkle and they have sex written all over them. I love it when a guy smiles, too – that really turns me on. But you know what I like as much as anything? A good sense of humour – because when a guy makes me laugh, I can forgive him almost any other shortcoming (for want of a better word!). Believe it or not, cock size isn't my be-all and end-all. It's quality I'm interested in, not quantity – although I can take any size, right to the hilt. I tend to go for older men, because I like to have a guy dominate me and tell me what he likes and what he wants me to do – although the occasional really *young guy never fails to bring out the wickedly kinky side of my nature! In my experience, aggressive (not to be confused with violent), men make really hot lovers, too. But having said all that, if some really dynamic guy came along and I fell in love with him, I wouldn't care what the hell he did or looked like.* Candy.

Hi Candy: One night recently my boyfriend asked me to unzip his pants and put his willy in my mouth. He was sprawled in an armchair with his legs apart, worse the wear for drink, and wanted me to kneel between his knees 'and suck the sperm from his balls'. I was really upset by his disrespect. Don't you think it's humiliating for a woman to be compliant in sex? I don't see why I should go down on my knees and take a smelly cock in my mouth while he just lies back. Don't get me wrong – I love screwing. But I've always thought that sex should incorporate a degree of give-and-take.

Louisa H, Ayr

I know it sounds unfashionably un-feminist, but I enjoy being submissive and I enjoy pleasing a man. Furthermore, I happen to

THERE REMAIN ONE OR TWO THINGS I'VE ALWAYS WANTED TO TRY

continued from page 20

believe this is what women are for. Both partners should think about ways of pleasing each other, and the quicker you start to think in terms of giving rather than taking, the better for your relationship. Giving head isn't some kind of obscure perversion – it's a truly wondrous art! Why not learn to like it?

Just relax, take the thing in your mouth, then swirl your tongue all around the tip then down the shaft to his balls. Then practice taking it slowly into your mouth and sucking gently on it. You really shouldn't feel humiliated when you give a blowjob, because it should give you just as much pleasure as it gives him. Louisa, the best way to overcome hang-ups is to do what's hanging you up. Try to be more understanding of your man's needs and desires and I'm sure you'll begin to enjoy yourself more because he's 'getting off' – which should be the most important thing in the world to you. Candy.

Hi Candy: What do you prefer – circumcised or uncircumcised dicks? Morbid interest aside, I've often wondered if there are any particular advantages for a woman from circumcision.

Lawrence K, Middlesex

I have no preference for either – I love 'em all! Funnily enough, it wasn't until I was 24 years old that I saw my first uncircumcised cock. I met this really handsome Italian dude in a bar and we went straight back to his place for a fuck. Boy, was I surprised when he took his pants off! It looked absolutely fascinating, but I was far from sure what to do with it, because of all the loose skin. It so happened this guy was far from patient, and he pushed my head down straight away. Well, he loved the way I sucked, and he liked it even more when I asked if I could roll his foreskin back and forth 'to see how it worked'! And when he eventually got round to pushing it into my cunt, it felt very nice indeed. A few years later I learned from a hooker friend of mine that there's a special way to give head to a guy with an uncircumcised cock, to enable the guy to get maximum satisfaction: you open your mouth wider as you go down on the cock, and really tighten up and give a lot of suction on the 'way up' the shaft. All my subsequent uncircumcised men haven't had any cause for complaint – so I can only assume I'm doing a wonderful job! Candy.

'Yes, he was so upset when poor old Flash passed away.'

Hi Candy:
My wife was helping me in the workroom just recently, wearing a really tight pair of Italian designer jeans. She stood up to adjust them and said: 'Fuck it, these jeans really dig into my cunt'. I was absolutely staggered, and my surprise must have shown because I got a real ticking-off. Words such as cunt, cock, balls, arse and clit were, said my young wife, really innocuous, friendly words and – if used in context – should be used. Men, she continued, have debased the words by using them as invective or abuse. I had to admit that I'd only ever used four-letter words for swearing, and wouldn't dream of using them around the house. But you know something? I think she has a point. Anyway, the upshot of this domestic tiff was that, later that night, I suggested to my wife that I 'fuck the arse off her'. She gave me a lovely smile, a great big kiss, and . . . I did!

Ted G, Falkirk

If I had a dollar for every time I've uttered the word 'penis', I'd be on social security! But I try not to swear, because it is somehow very unfeminine and makes a woman sound very coarse. Indeed, I only wheel my four-letter word vocabulary out of the closet on nookie nights. The use of these words during balling can be amazingly erotic, as well as making everything somehow more animalistic. Sound is the least used of all the senses during lovemaking, but it's still a very useful device in turning both partners on. Candy♣

Confessions OF A WHITE SLAVE

By Piceas. Illustration by Bob Carlos Clarke.

I came here willingly. What orphaned teenager wouldn't? With miles and miles of sunny beaches, and no curfew when you're out partying on the dunes. Not to mention the pure, sensual luxury of this place – the soft down pillows, the wide, undulating waterbeds and the whirling jacuzzi. Ah, especially the jacuzzi.

There's nothing like letting your mind and body float in a redwood hot tub. I usually adjust the water to hit my vagina or bumhole. Then, placing my hand over a jet I'm not using, I can regulate the force of water to simulate a cock slamming in and out of my box, a tongue licking my clit, or a half-erect dick sliding up my cunt.

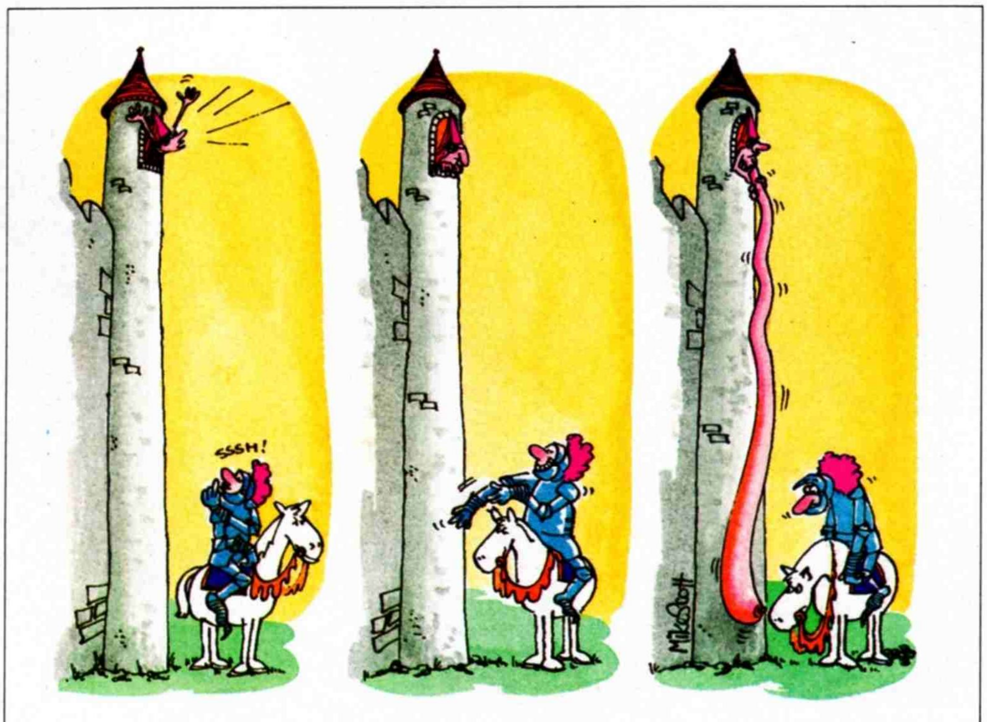
On evenings when I'm expecting company, I sip champagne. It sensitises every part of my body so that I imagine I can feel each tiny, individual bubble of the wine popping on my tongue. Yes, I have a very sensitive tongue. Mmmm. It always seems that just as I begin to

PARDON ME WHILE I WIGGLE MY FINGER BETWEEN MY LEGS FOR A LITTLE TASTE . . . OH YEAH . . .

pull and twist my nipples and wish that my twat had something other than water being forced into it, a visitor joins me and we create our own water-filled universe.

At times there are two men, or, on occasions, three. I like three the best because I love feeling their hands all over my body while the hot, bubbling water caresses us. I like tonguing two cocks while the third stud is ramming his dick hard up my pussy.

My favourite activities, next to lying in the sun on the beach here, are being taken in the cunt and sucking dick. And when I'm given the opportunity to combine all three of these wonderful pastimes, I go into *sexual overdrive*, I get so turned on! Yes, I crave the hot and sweaty days when I have a big man with strong hands squeezing the cheeks of my arse together and pulling me back and forth on his dick as he fucks me, while a second lover pushes his bulging cock deep into my throat, grinding his groin into my face and taking my very breath away.



I so enjoy gulping a flacid dick all the way down to it's base and then feeling it grow in my mouth. And if the guy is up for it, I like to suck . . . *hard!* I start at the base with my lips, sticking my tongue out over my bottom teeth to avoid scraping when I get carried away – as I always do with a powerful piece of meat fucking my mouth. I squeeze my experienced lips as tightly together as I can and slide my mouth up and down the shaft, sucking, pulling, milking and twisting my way to focus on the beautiful purple knob. Then I run my tongue all around the tender rim of the head before I begin *sucking* for all I'm worth and all my man can take, until he shoots his creamy cum down my throat, across my lips and all over my face. That's my favourite source of protein!

Mmm, just thinking about it makes my juices flow. Pardon me while I wiggle my finger between my legs for a little taste . . . oh yeah . . . warm and wet and musky.

I get a real animal feeling when a big, broad chested, hairy man rams his rod up me from the rear. I get fantasy flashes of what fucking may have been like for primitive ape-like men and women. They must have coupled with animal ferosity – fighting and biting and ripping their tiger skins off to roll and thrust at each other in the hot sun, to satisfy their various urges and hungers.

Speaking of satisfaction, that's guaranteed in this place. My speciality as a creative water-baby usually begins by introducing my new friends to the job of sex in the hot tub. I fulfil their fantasies and mine while filling their balls in the tub by massaging them with my toes, tits, tongue, fingers, mouth and whatever else is handy. Then, I bend over the side of the tub with my upper body on the decking and my buttocks beckoning in the air so they can stand on the bench in the tub and drill me from behind.

It's beautiful to look over my shoulder, especially in the moonlight, and see the steam rising from our hot bodies while my partner makes my bum quiver and bounce. As he drives harder into me, I push back so the wet skin of my rear and his groin slap loudly together.

I love that slapping sound. It's like being spanked and fucked at the same time. But I seldom get spanked on evenings that begin in the jacuzzi. It seems the combination of 108 degree water and an even hotter female exhaust most of the visitors we receive.

Except for one notable spanking enthusiast who visits us from time to time. Now there's a guy who can fuck and suck and spank all night long . . . in the jacuzzi, on the deck, behind a sand dune, draped over a chair, standing against a wall . . . wherever. In fact, one night he wouldn't even take a dinner break without putting me on my knees under the table so I could eat him while he ate his t-bone. And speaking of bones, his made a mighty tasty meal – especially when I filled my mouth with a heavy burgundy from California's Napa Valley. He liked the way that felt, too, with his dick swimming in my mouth full of wine.

For dessert, he picked me up and laid me on my back on a pinball machine with my legs hanging over where the flipper controls are. He had me hold my pussy lips open while he ate me for half an hour and then said I was the best tasting aperitif he'd ever had!

But I started to tell you about how I came to this fantasyland for adults. I'd also like to tell you where you could come for a visit, but I have no idea where this place is, even though I came here five years ago, when I was 16. My parents were killed in a traffic accident, and as I have no other family, I was made a ward of the court. I would have gone to an orphanage or foster home if a missionary group hadn't petitioned to raise and educate me. They were very nice, upstanding-sounding people and so the judge assigned me into their care. But, as it turned out, these were missionaries of an alternative lifestyle!

Now, I wasn't exactly an angel at 16, but I was a virgin. And about equally interested at that time in my growing boobs, boys and football. Since being educated at this 'mission', I'm no longer a virgin, my boobs are big and bouncy and I continue to enjoy boys . . . of all ages.

I still follow football, too, although we are more likely to get into playing endless games of topless volleyball where no one really cares about what the score is, as long as everyone scores! ♣

Heavenly Haven

Sir: Please, please can you feature a spread of the divine Annette Haven? She may not be the world's greatest actress, but when she takes her threads off, my pants nearly split. I went to see her in *Scheherazade* with a broad-minded girl I know. The girl got so horny, she got down on the floor and sucked me off twice before the final credits. She's only got to recite some of the dialogue from the movie and I turn into a sex maniac.

Joey K, Middlesbrough.

Life Saver

Sir: We just got back from a tough logging assignment up in the north of Scotland. A guy could go for weeks up there without setting eyes on a piece of crumpet, so we'd like to place on record our appreciation of a wonderful woman called Rosalie, who came along and ministered to our needs.

There were nine of us, all told, so Rosalie had a lot of cooking and washing to do. And she had a lot of humping to do. She's about 32, and she's got a big, strong body with plenty of firm flesh on it. I doubt if any other woman could have lived up to the demands we made on her. Every one of us screwed her at least once a day. Some nights she'd have half a dozen guys round her in camp, shoving it in her mouth, her cunt, and between her gorgeous tits.

We once tried to add up the mileage of cock she took in the three weeks we were up there, but we just had to give up. And she must have had a gallon of come in her sweet body. So thanks, Rosalie, you're the greatest!

Luke and The Team, Basildon.

Beach Baby

Sir: A few weeks ago I was on the beach, as usual, working out, when this blonde came up and asked me if I wanted to go for a ride in her car. I'd seen her around before, and I knew she had her eyes on my muscles. Plus I knew she had a Porsche. This 'ride' ended up in a really expensive neighbourhood: a big house with more deluxe cars parked out front. I was hot for the blonde all right, but when we walked in and she introduced this expense-account berk as her *husband,* I was about to head back to the beach.

'You have to stay to dinner,' they *both* said.

We ate lobster and drank Chablis, me sitting with a painful hard under the table. After dinner, the husband said he had to fly off to America on business. Uh-oh, I thought, he gets off behind watching through peepholes, while his fabulous wife fucks body builders. So what? The blonde and I went in the bedroom and spent the rest of the night fucking. She had the strongest cunt muscles I've felt, and when I came, she always wrapped her cute legs round the back of mine and really milked my dong. This happened five or six times before dawn.

Now here's the twist. Her husband really *did* go to America on business, and the reason I got to bang his wife was they wanted me to give them a kid! She'd been sizing me up as a suitable specimen of manhood, and he had to meet me to give his okay. They won't know yet if it worked. I'm hoping it doesn't, so I get a second chance to fuck her.

Ed T, Southend.

Teaser

Sir: All this shit about the G-spot is just that – shit. If you knew anything about the female body, you'd know that any part of it can be eroticised so you can produce an orgasm with the right kind of manipulation. My current girlfriend is a 19-year-old with an athletic body. Sometimes I spend maybe an hour and a half working on one spot, like her neck or the inside of her elbows (lots of nerves there). With the right kind of concentration, caressing places like this over and over again stimulates nerve paths that lead to orgasm. The message is: you don't even have to get her panties off. Next on the list is her ankles.

Gino V, Oxford.

Come Clean

Sir: Please advise me, if you can. I am a normal, healthy girl, aged 20, with a good family background. I started petting at age 13 and lost my virginity at age 16. My problem is that the only thing I really like about men is their sperm. In fact, my idea of a wonderful thrill is to masturbate a man's penis over my face while I finger myself. I have quite a reputation for this, and most men let me bring them off by hand before we have intercourse. When I look at a man in the street, I'm not interested in his face or his muscles or even the size of organ. I just fantasise about the feel and taste of his sperm. There just isn't anything to compare with having warm, thick splashes of it shooting over my skin.

As I say, I am otherwise quite normal, and men generally find me attractive. I went to a psychiatrist recently to talk it over, but all I could think about was how much sperm he had in his balls. I knew I was getting him excited, and when I asked him to come for me, he agreed by pretending it was part of my 'therapy'. His balls were on the small side, but he soaked my breasts when he came, which gave me a wonderful orgasm. Afterwards, he said he thought my complex was based on penis-envy. I say it's sperm-envy.

Lately, I've started lusting after boys aged about 16, because I know they produce more sperm, and faster, than men. I know this is going to end in trouble if I go through with it. What do you suggest I should do? Unfortunately, my figure is too well developed to pass off as a male; otherwise I'd try to get into an Army camp or something. Just thinking about all the zillions of sperms swimming about in even a platoon of soldiers makes me go weak at the knees.

Z H, Leeds.

Hear, Hear

Sir: I've never yet read anything in your mag about Sound Sex. Most of the guys I go with get

turned on by the different sounds I can make with my body. For instance, the sound of my bare arms in a sleeveless dress, swishing when I move gets them hornier than a rhino. Rustling petticoats often get the same result. But for real, iron-hard boners, there's nothing to beat the scraping sound of thigh on thigh. I use cheap, coarse-fabric tights, and when I walk the sound is sensational. Another little trick, once I've landed my man for the night, is to talcum my 37-26-38 body from head to foot, slapping my hands under my tits and round my arse while the guy watches from the bed. One young boy I did this for shot his wad before I even touched him!
Junella P, St Helens.

Cold Comforts

Sir: If you ever think of inaugurating an award for sexual inventiveness, my nomination is for a young fuckbox, called Lorna, I met in London over the winter. She not only takes plaster casts of all the guys she fucks, she then makes ice lolly moulds from them. I heard of someone doing this to Peter Frampton, but Lorna does it to everyone. Her fridge has 52 of the moulds, and she told me that in the summer she and her girlfriends have hen parties when they fuck and suck them all. This turned me on so much, I got her to fuck herself with a long, slim one, while I fucked her. The feel of the ice-cold phallus sliding in and out beside my cock made me come about a pint.

Lorna often fucks herself in the cunt and mouth with them at one and the same time. I wonder what she's doing with 'mine' right now?
C L, Aberdeen.

Safety First

Sir: Now that herpes has so many people scared to screw, there's a lot to be said for mutual masturbation. Even auto-masturbation is fun when there's a raunchy girl doing the same to herself a couple of feet away. By looking at each other's faces throughout, a couple can time their orgasms to perfection. And it's safe!
Charlie W, Derby.

C'est la Vie

Sir: As a visiting Frenchman, may I say how much I dislike the British way of love? Here you have women of every race under the sun, many of them devastatingly beautiful. But everything about them is too obvious, too unalluring. I cannot tell if it is the influence of magazines like yours, but British women seem too eager to show their breasts and pubic parts. This may sound impolite, coming from a visitor to your great country, but I would prefer a little more mystery and romance. After all, the most erotic part of a woman's body is her face.
Albert M, Paris.

A Woman's Place

Sir: I think it's fine for women to have equal pay and job opportunities, but once inside the home, it should be the man who wears the trousers. This attitude cost me the love of my first wife, who wouldn't submit to my ideas of domestic discipline. Fortunately, my second wife submits willingly to any discipline I introduce, and so far our marriage has been happy and stable.

LINDA EVANS

DYNASTY

Delightful Linda Evans, the too-good-to-be-true star of the amazingly successful *Dynasty* TV soap opera. Linda, the first Mrs John Derek (before Ursula Andress and Bo came on the scene), shares Bo's classic, fine features and has more than a passing resemblance. With *Dynasty* now way ahead of *Dallas* in the American and UK ratings, Linda is arguably seen by more millions the world over than Bo was able to muster, even with the block-busting movie *10*. Certainly Linda's starring role in the show with over 100,000,000 viewers world wide takes on a whole new meaning when you strip away those thousand dollar silk outfits to examine the fabulously sensuous body beneath it. Continued from page 57

For minor infringements, like dinner being five minutes late, I make her stand in the corner of the room with her panties down and her skirt up round her waist. I often spend the whole meal looking at her broad, nude arse, thinking about what I'm going to do with it once I've finished eating. This might be a light spanking, or I might wank off over her buns.

Anything more serious means she has to get handcuffed for half an hour. I used to work in security, and I still have a pair of high-grade steel bracelets which I put on her wrists behind her back. Then she has to go round the house trying to do the chores as best she can, holding brushes between her teeth, etc. Before I will unlock the handcuffs, she has to kneel down and blow me. This ends the punishment.

Happily for me, my wife thrives on this type of regime, and of late she's started making deliberate mistakes in the housework, so as to get me to punish her regularly. Last week she wore the handcuffs a total of five hours and gave me 10 blowjobs. I recommend this type of treatment to all married men.

her, I was shooting my hot spunk down her throat.

She fell back moaning and spread her long legs apart. Her pink cunt lips gaped open, glistening with juice. Quickly, I mounted and entered her and she was tight! At first we took it slowly, but soon Toni was writhing and moaning as I speeded up, rubbing and squeezing her magnificent tits. She crossed her ankles over my bum and this seemed to allow me to penetrate her more deeply. I gripped Toni's buttocks, running one finger over, then into her sweet arsehole. This brought her to a frantic climax, and with one last, deep lunge, I shot my load into her.

The rest of the weekend was spent in her bed (and bath!), doing some incredible things, some of which you would be sued for printing! I eagerly await my next time with her.

Helping Hand!
Sir: The following incident involving my wife may be of interest to other readers, who may have had similar experiences, as I find very few things in this world are unique.

On arriving home a few months ago, I sensed my wife was in an agitated state. I didn't question it as I knew that if she wanted to tell me she would, in her own time. Later that evening she suggested that we went to bed earlier than normal. Once in bed, she was very aroused, and in no time at all I had serviced her and we were lying quietly together when she told me what had happened during that day.

Earlier that morning, she had been tidying the kitchen cupboards when the door bell sounded. Answering the door, she found it was the electricity man, come to read the meter. He came in, and my wife closed the door and followed him into the kitchen, where the meter was in a cupboard under the stairs. She had told me on previous occasions that she didn't like him, as he seemed 'shifty'. Although he had made no improper suggestions, she sensed that it wouldn't take very much to encourage him.

Having read the meter, he started talking about things in general, and my wife told him that she had to tidy the wall cupboards, but didn't like climbing steps very much to reach them, He immediately offered to help her by steadying her when she was up the steps. For some reason my wife agreed, and got out the steps. He held her arm as she climbed up. While she was reaching for the top shelf, he put his hands on her hips to steady her. She told me that when that happened, a tingle went through her, but she carried on working. After a few minutes, she felt his hands leave her hips and her skirt being raised. She went rigid, but then relaxed. She felt his hands on her hips again,

READERS WRITES

Continued from page 73

but this time under her skirt. He made slow, circular motions with his hands and pressed his thumbs into her soft buttocks. Receiving no rebuff, he hitched his fingers around the waistband of her panties and pulled them down. Quickly his hands went up under her skirt again, this time one in front of her to feel her soft mound and pubic hair, and the other to squeeze her bottom with his fingers in her crack. Being on top of the steps, she couldn't move very much, but she slightly bent her knees and eased her legs apart, sufficient for him to insert his finger between her thighs and feel her moist opening.

She let him continue to fondle her until her emotions got the better of her. She got down from the steps and led him upstairs to the bedroom.

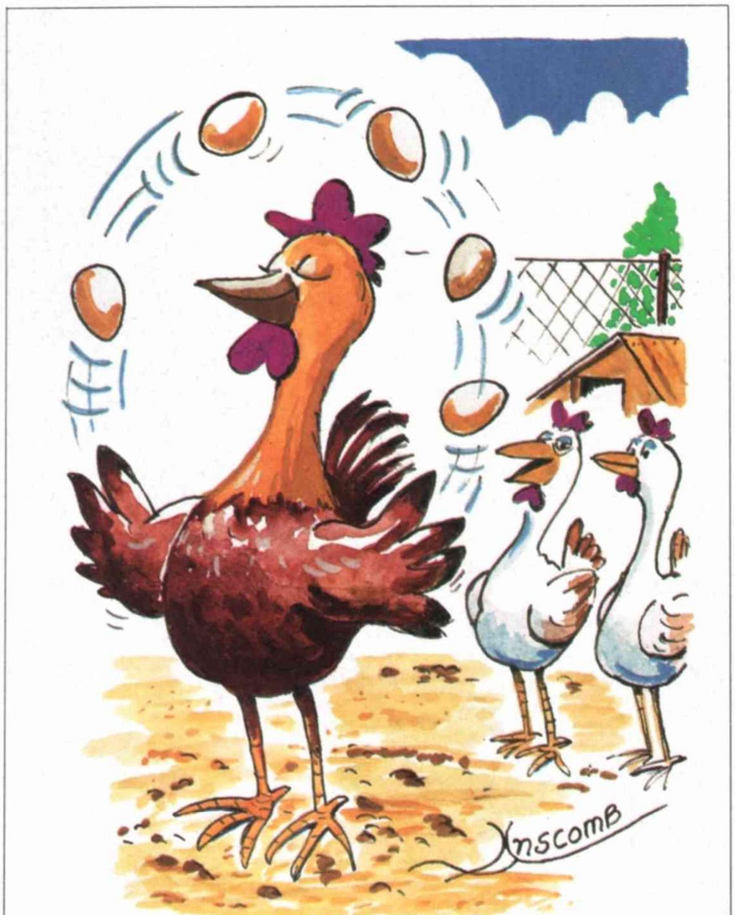
He quickly removed all her clothes and lay her on the bed. He stood and looked at her for a while and then sat beside her and ran his hands over her body, lingering on her breasts which he gently squeezed until her nipples stood out. Taking each one in turn he leaned forward and sucked as much of her breasts as possible into his mouth and flicked his tongue over her nipples. My wife was now moaning with ecstacy and reached for his cock which she released from his trousers. She said it was fairly short but thick and very rigid. She rubbed her hand along its length and, pulling the skin back from its head, uncovered its eye which was seeping moisture.

Suddenly he pulled back from her and turned to sit with his back to her. Leaning forward, he put his hands between and behind her knees and pulled her legs up in the air and pressed them apart as far as he could to expose her slit and arsehole. Holding her legs in position with his elbows, he parted the hair over her slit and then pulled her lips apart as far as possible to expose the soft pink interior of her cunt. He looked at it for a few seconds and then pressed his mouth to her and sucked and licked deep inside her, trying to extract as much of her juice as possible. My wife was already excited, now moaned and jerked her hips wildly, but he held her tight and continued to suck until, with a wild shout, she had her climax. He frantically sucked at her cunt in an effort to stop any of her swiftly flowing juice from escaping. By now he was rampant and he turned her over on to her belly and climbed on to the bed behind her. Pulling her hips in the air, he guided his cock into her now gaping cunt. Leaning forward he grasped her tits and squeezed them as he thrust into her. Rapidly he plunged in and out until, with a grunt, he pumped his sperm deep into her cunt. Before his cock went soft, he leaned back and pushed his index finger into her. She screamed and jerked but he kept her in position and continued to work his finger around. The excitement caused him to have another erection, and he rapidly shot another load of sperm into her. This time he was finished and he let her fall on to the bed. He quickly dressed and whispered in her ear that he would be back in about three months and hoped she would be willing for more of the same.

After she had finished telling me, I simply spread her legs and fucked her for all I was worth, and I must admit it was the best fuck I have had with her for a long time.

We are both now waiting until the end of the quarter to see if he will keep his word. This time my wife has a few surprises for him.

R S, Plymouth.



'George simply loves to play with the children.'

Christmas Surprise!

Sir: The following story took place this Christmas at a small port on the North Norfolk coast.

My wife Pam is a very sexy lady with a 36-26-36 figure. We have a good sex life, etc, and until now she's never shown any interest in other men. In some respects, she's a bit prim. I mean, she's had the odd kiss and cuddle at parties. So on New Year's eve I got quite a shock at what took place.

At lunchtime, we went down to the pub for a drink. After about two hours we were both a bit the worse for drink. As we left the pub, Tony, who's a skipper on one of the ships in port, came in with two of his crew. We chatted for a while, then invited them back to our home for a drink and to watch some blue films. Pam has always shown a liking for Tony, and has had the odd kiss and grope with him in the past.

My wife said she was going to sleep off the after effects of the drink and went to bed. I put on the films and more drink was consumed. After about an hour the lounge door opened and in came Pam, dressed in her Basque, fishnet stockings and black leather boots, carrying a bottle of whisky, which she started to hand round. I could not believe this was happening. She had never done anything like this in the past.

Tony and the other two said how sexy she looked. As she paraded in front of us Tony gave her a New Year's kiss and started to touch her breast. Pam asked if I minded if the other two kissed her. I gave her the OK. Soon all four of us were

slowly undressing her, my cock so hard by this time I just wanted her. She started sucking me off, the others were playing with her tits and Tony had his hand up her cunt wanking her off.

It was not long before Tony was fucking her from the rear while she was sucking each of us off at the same time. At one time she had two cocks in her mouth. We all fucked her in varying positions till we had all had her twice. By this time her cunt was swollen from all the cock it had taken.

At last Tony and his mates said they had to leave as they were sailing early on New Year's day, but they invited us to a farewell midnight drink on the ship.

We went to a party first, then we arrived at the ship just before midnight. Tony and his crew were much the worse for drink. Anyway, they started kissing and fondling Pam again. The next thing, her dress was on the floor and she started to dance in her bra, pants and suspenders. She looked fantastic. By this time we were all naked. I lay down on a bunk on my back. Pam came over to me and straddled me and I sank my seven-inch cock into her. The others were playing with her tits. Tony tried to shove his cock up from the back while I was still inside her. Tony said: 'One at a time only in her cunt.' We all fucked her, then, just before midnight, Tony said he had to sound the ships foghorn for luck so we all went up to the bridge naked.

Pam stood holding on to the spoke of the ship's wheel, slowly rubbing her hand up and down it, like a cock.

Paul, one of the crew, said he would like to see the 11-inch spoke up her fanny. I said things had gone far enough and Pam made a move to leave, but they grabbed hold of her. They lifted her up so her feet were on the horizontal spokes on each side of the wheel. Then Paul moved between her legs, saying, 'Never mind the spoke, how about taking this?', as he stroked his blood engorged prick.

It slipped easily into Pam's sopping, slippery cunt.

Pam was beginning to enjoy this and was getting near to her climax. The sight of that huge prick going right up her cunt made me want her again.

Tony and the others lifted her off the wheel and went down the cabin for more drink, I looked at my wife and she said: 'No more, I've had my fling, thank you darling, take me home to bed before they come back, my cunt won't take any more.'

So we left the ship, her still in her suspenders and stockings, me naked. On the way down from the bridge, I got the first aid blanket and put it round us as we ran the short distance home.

Bathroon Turn-on

Sir: I am a 31-year-old housewife and my young brother-in-law, Paul, has come to live with us while he's at the local Poly.

While making his bed, I found 19 'girlie books', 10 of which were *Club*, under the mattress. I've never seen 'girlie' magazines before but what a turn on!

I've noticed Paul always takes his bag into the bathroom when going for a bath, I assumed that these were is 'special books'.

About a month ago my husband was out and Paul said he wanted a bath, I promptly said I was popping next door for an hour. However, I decided to creep upstairs and listen to him in the bath. I could hear him rustling through his magazines and pretty soon he started making this puffing and panting whilst wanking his dicky. The thought of him rubbing his willy up and down sent me wild with excitement and very 'wet', I soon had my hand up my skirt.

I enjoy listening to him toss his willy so much – I am obsessed with it now. I have started to be 'rude' around the house, like wearing a see-through nightie with just knickers underneath when taking him his early cuppa. It never fails. As soon as I

leave the room he starts wanking his willy, this is a big turn-on for me and gives me a superb fantasy for masturbating. My husband works shifts, and so Paul and I are often alone in the house. This gives me plenty of time to invent little games which turn Paul on – as he's such a randy little bugger, he always responds and goes for a wank, and he's here for three years! I strongly advise any women reading this that listening to males 'toss off' is a great turn-on. I know that my husband likes nothing better than for me to wank him off, but it has never occurred to me to get him to do it for me – until now! Maybe I can arrange for the two of them to perform for me.

Must go, Paul's just gone to the bathroom!
M P, Liverpool.

What's New?

Sir: Why didn't anybody tell me what a terrific turn-on mouth fucking is? I thought it was just for nuts and closet queers. But yesterday a friend of my mother's *asked* me to do it to her! She's got a great body, and when she stripped off and showed me her long, pink tongue and tight lips, I didn't even want to feel her snatch.

She got down on to her knees and *begged* me to stick my prick in her mouth. I have been fucking about 18 months, but I never felt such a fantastic, tight, hot, pulsating sensation round my tool. I only got about half way in before I shot off. She made me wash off, sucked me hard and then made me do it again. I shot four loads in her in the space of an hour. And she said she's got friends who like it too.
G O, Fulham.
